WM. PAUL YOUNG

EVE

A BOLD EXPLORATION OF THE CREATION NARRATIVE

From the author of the 25-million copy bestseller *The Shack* comes a captivating new novel destined to be one of the most important and talked-about books of the decade. *Eve* opens a refreshing conversation about the equality of men and women within the context of our beginnings, helping us see each other as our Creator does—complete, unique, and not constrained to cultural rules or limitations.

CHAPTER 1

Caught in the tidal flows of unspoken morning prayers and simple wonder, John the Collector rested against a tree with his toes burrowed and curled into the coolness beneath the warming sand. Before him, a rippling ocean stretched out until it disappeared, merging into the clear blue sky with only the hint of a horizon.

The salty fragrance of the sea was overtaken by older, more familiar scents of Eucalyptus, Myrrh, and Hagenia, and John smiled. These were always her first embrace! Resisting the urge to jump to his feet, he instead shifted to make room, lowered his head, and took a deep breath. It had been awhile.

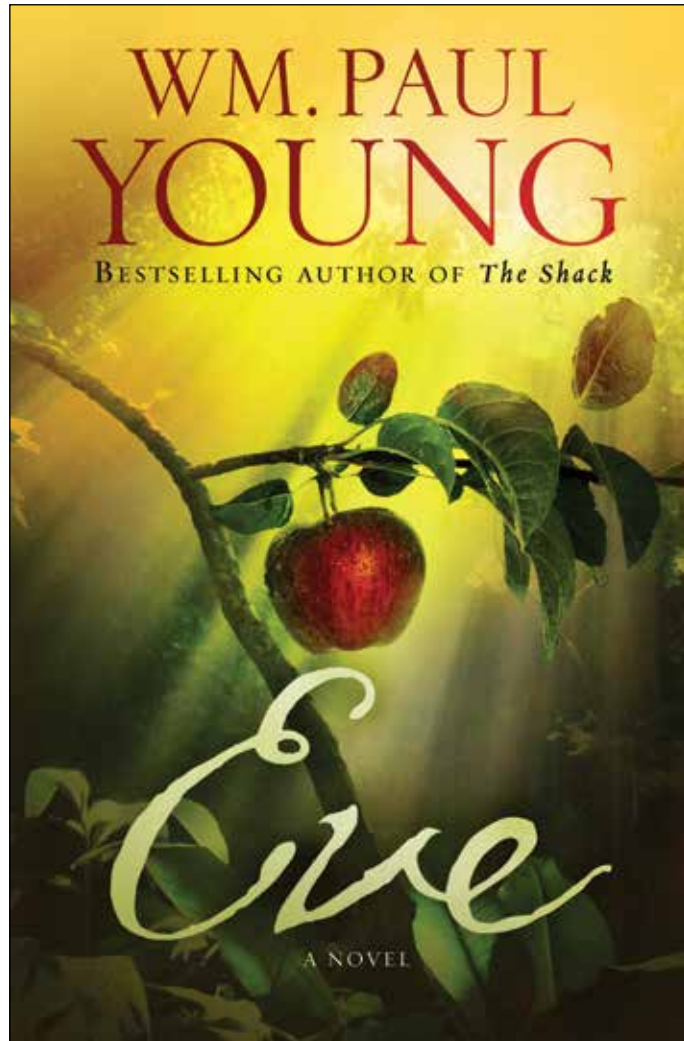

The tall, finely boned, ebony-black woman accepted his silent invitation and sat, her hand teasing the graying black hair at

the back of his neck, the tenderness of mother toward her child. The playful touch sent prickling peace trickling through his shoulders and down his back, lifting the burden he unconsciously carried.

He could have stayed like this for a thousand years, but there was always purpose to her visits. Even so, he held off his own rising curiosity, preferring the gentle contentment of belonging.

Finally, he spoke, reluctantly. “Mother Eve?”

“John?” Without looking he knew she was grinning. Ancient and powerful, this woman radiated the contagious simplicity of a child’s joy. With one arm she pulled him into her affection, kissing the top of his head.

9781501101427 | \$16.00 PB | Howard Books

"You have been in this place . . ." she began.

"One hundred years today," he finished. "If that is the reason for your visit, I am grateful."

"It is in part," acknowledged Eve. "One hundred years anywhere is cause for celebration."

Pulling himself up, he brushed off the sand before helping Eve to her feet. She gracefully accepted though it wasn't needed. Coarse white hair formed a woven crown around her face, lined and creased by countless years, a masterpiece of sculpted joy and sorrow. She glowed more like a child than matriarch, expectancy the flame that lit her dark mahogany eyes.

A myriad of queries threatened to tumble out in all directions, but she stopped them with a raised hand.

"John, one good question is worth a thousand answers," she grinned. "Choose it carefully."

It only took a moment to form. "How long?" he asked. "How long must we wait before the end, when our healing will finally be complete?" Reaching out, he took her hand and placed it on his heart.

It was the question resounding through the eons, given voice by every tear and cry of broken heart and soul.

"Much sooner, John, than when I first asked the question."

He nodded, looking up and into the amber light that flecked her eyes. "So

what else is special about today?"

"Today, my child will be born into your world."

The man frowned and she waited. "Your child? Are we not each your daughter or your son?"

"Yes, you are," she declared. "But we have long known there would be three in particular who would stand and represent us all. The one to whom was given the promise of the Seed, the one whose Seed would crush the Serpent's head, and the one to whom the Seed

would be forever united. The Mother, the Daughter, the Bride. The arrival of this girl marks the beginning of the end."

So stunned, he hardly noticed as Eve picked up a stone and walked toward the water's edge. John followed, disoriented and overwhelmed. She launched her projectile high into the air and they both watched it zip down into the glassy sea with hardly a splash.

"John," Eve said, "even in the ocean of the universe, a single stone and ripple changes it forever."

John let the small incoming waves tickle his feet and tug at the sand beneath them. To be near Eve was always healing and always disconcerting.

A shrill voice sliced the air. "You're dawdling, John Collector."

He turned. A breeze off the water lifted the hair at the back of his head, even as Eve's perfumes caressed his face.

Letty had arrived, and Eve was gone. John sighed.

“ . . . even in the ocean of the universe, a single stone and ripple changes it forever. ”

“The Scavengers have been calling for a Collector for more than an hour, and since you are the only one within a hundred miles . . .”

Turning back to the water, John selected another smooth stone and threw it high into the air so it would drift on its edge and slice into the water’s surface with a satisfying sound. Why such a tiny success always pleased him was a mystery, but it did.

“What’s their hurry?” he muttered as Letty arrived at his side. He picked up another stone.

She was a bundle of a little old woman, barely three feet tall, with cane and shawl and mismatched socks folded over mismatched shoes. She looked like an apple that had been left in the hot sun for too long, still round but shriveled up, a piece of dried fruit with piercing black eyes, a crooked nose and almost toothless grin. Her walking stick could have easily passed for a wand of sorts, which was pointing right at him.

When he saw the intensity in her eyes, he let the stone fall to the sand.

“Letty?”

Her words were unusually measured. “A large floating metal container was spotted early this morning, hauled ashore, and opened. The Scholars have already ascertained that it drifted here from earth in real time.”

“That’s happened before,” suggested John.

“We opened it up and found the remains of twelve human beings, all young females except one.”

“Jesus,” he whispered, as much a prayer as an exclamation.

“The container seems to have been used as a prison and meant to be transported great distances, probably on a large vessel or ship. Since no flotsam drifted with it, we surmise it was purposefully jettisoned, but not before the girls were executed with firearms, quickly and efficiently. If there

is any mercy in such a tragedy . . .” Her voice hesitated as emotion found its way.

John turned and slumped onto the sand, drawing his knees up and hugging his face between them. The warmth of the day and gentle breeze now seemed a mockery, a taunt and breath of accusation. Eve’s joy had left with her.

He felt Letty’s tiny hand rest on his shoulder. The gesture almost undid him as he fought his rising rage and grief.

“John, don’t allow the shadow-sickness to find a place inside your heart. In this broken cosmos we grieve. We rightly feel fury and yet we must not let go of joy’s embrace, which is beyond our understanding. To feel all of this means that we are alive.”

He nodded. “You said the humans were female, except one?”

“Yes, there was also a middle-aged man. The shared initial view is that he may have been trying to protect the girls. There is a story, I’m sure, but we might have to wait a long time to hear it fully.”

“I don’t want to see—”

“Already attended to. The bodies have been transported to the Sanctuary of Sorrows and are being prepared for tomorrow’s celebration of fire. Right now, I need you to do what only you can do . . . so the Scavengers can dismantle and the Artists can find ways to memorialize these precious ones.”

John closed his eyes and turned his face to the sky, wishing his conversation with Eve had not been so unbearably interrupted.

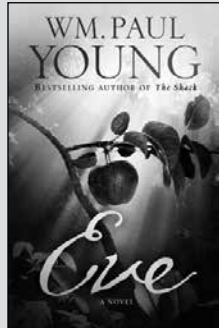

“Go on,” Letty encouraged, “The others are waiting.” **INGRAM**

The Benedictines in the Middle Ages

JAMES G. CLARK

"The author masters with a seldom met richness a wealth of evidence from the infinitude of particular aspects of Benedictine monasticism. This richness not only stems from the broad perspective of the well-read author's tackling the matter, his

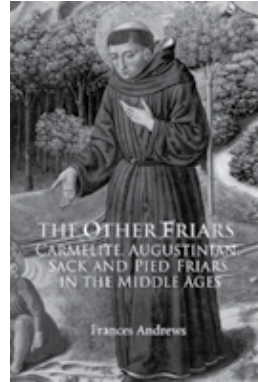

constant flow of fresh quotations and references to medieval authors of all genres, printed or still in manuscript, but also his discussions and possible explanations carry the note of careful respect for historical truth within reach of historical possibilities."

"A fine study. ... Deals elegantly with the difficulty of reconstructing the past from primarily normative sources and makes deft use of such evidence of personal experience and

opinion as is extant. ... In investigating this through a rare comparative study, Andrews has performed a great service to students of medieval religion."

STEPHEN AND ALEX KENDRICK

THE BATTLE PLAN FOR PRAYER

THE POWER OF PRAYER

Both Stephen Kendrick and Alex Kendrick are associate pastors at Sherwood Baptist Church. Stephen is a speaker, screenwriter, and producer. Alex is an actor, writer, and director. The two have collaborated on films such as *Fireproof* and *Courageous* and the *New York Times* bestsellers *The Love Dare* and *The Resolution for Men*. Inspired by their latest film, *The War Room*, the Kendrick brothers have designed this exciting new resource to help anyone learn to become a powerful person of prayer.

What is the intent of the new book?

Alex: *The Battle Plan for Prayer* is meant to inspire, engage, and call the reader to an active, strategic, and passionate prayer life. We urgently need the church to pray in unity in these crucial days.

Stephen: To inspire people with the importance of being devoted to prayer, equip them with Biblical training to help them pray more faithfully and effectively, and call them to unite with other believers and ask God to move mightily in our generations and bring healing to our families, churches, and nation.

What is the single most important reason to have a prayer strategy?

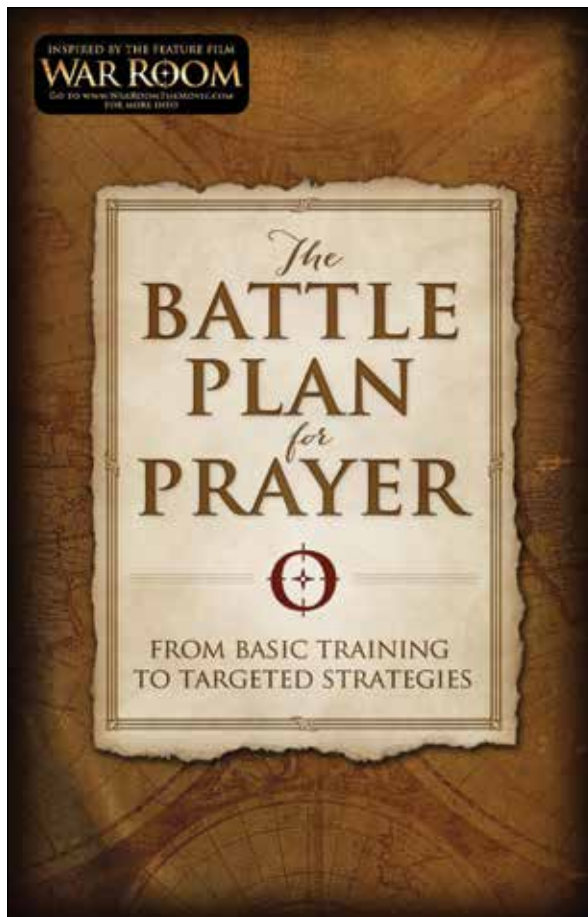

Alex: The book of James tells us that the “effective, fervent

prayer of a righteous man accomplishes much”. It’s our daily connection and communication with Almighty God. We would say that it’s a lifeline to the Father in our spiritual life.

Stephen: You can’t hit what you are not aiming at! When we pray Biblically, strategically, and specifically, we position ourselves to maximize the impact of our praying and to more readily see God glorified through the answers.

How does the book teach preparing a prayer battle plan?

Alex: The book will walk the reader through “boot camp” for an understanding of what prayer is, and how we are meant to use it. Then, we teach applications of biblical prayer with a focus on praying strategically in our various areas of life. In this manner, we learn to “fight” in prayer.

9781433688669 | \$16.99 PB | B&H Publishing Group

Stephen: We inspire people with the stories and scriptures of answered prayer, train them in the fundamental locks and keys of effective prayer, then we give them 6 different tools they can use to help them pray.

What scripture was the catalyst for the project?

Alex: In Matthew 6:6, Jesus teaches us to go into our inner room and to pray to our Father in secret. Then, God rewards what is done in secret. So He desires for us to draw closer to Him in our secret place, and not just when people are watching us.

Stephen: Matthew 6:6, James 5:16, Colossians 4:2, and 1 Timothy 2:1-5.

How has creating *War Room* the movie and the book projects impacted your prayer life?

Alex: The more we study prayer, the more we are driven to make it a larger part of our life. It's meant to go along with the Word of God in maturing us in our faith and making us bold in our calling. Both Stephen and myself have

increased our time with the Lord in prayer. We're also helping our families to do the same thing. We want to be warriors ready for His orders, not lukewarm believers that spend most of our time on the bench.

Stephen: I have learned much more about prayer and have truly been inspired and challenged working on this movie and book. It has caused me to pray more joyfully, specifically, and with a greater faith—trusting that my Heavenly Father will answer in His timing.

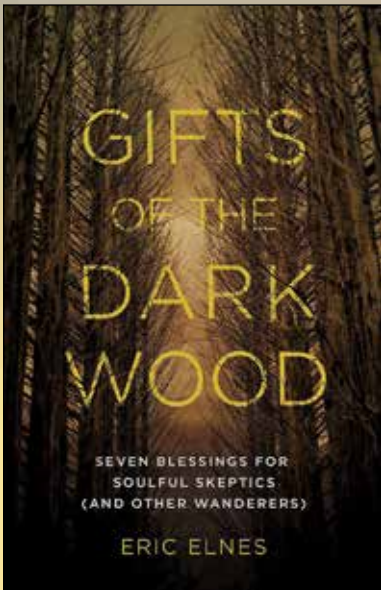

We serve a mighty God who answers prayer. He is not unaware, unable, uncaring, unwilling, or unlikely to answer the prayers of His children.

Writing *The Battle Plan for Prayer* has caused me to pray with greater freedom and confidence in the Lord.

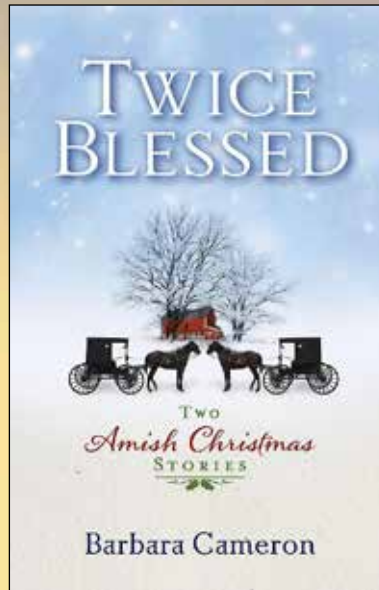

Ephesians 3:12—In him and through faith in him we may approach God with freedom and confidence. (NIV) **INGRAM**

“ We urgently need the church to pray in unity in these crucial days. ”

STREET GOD DIMAS SALABERRIOS

On the streets of New York, darkness and violence reigned. Dimas Salaberrios popped his first pill when he was eleven years old, and just days later, he was selling drugs to his schoolmates. By fifteen, he was facing time at the notorious Rikers Island Prison.

It was never safe to turn your back, and Dimas saw only one chance to survive: to become a street god. He would be the richest, most powerful ruler in the hood . . . or die trying. But in one terrifying moment, with a gun pointed at his head, Dimas had to decide: How far would he go? Was he finished taking reckless chances to rule as a god of the streets? Would he dare to entrust his life to the real God—an even riskier path? *Street God* is the true story of one man's against-all-odds journey. We're never too far gone for God to change us—a single spark can illuminate even the darkest existence.
