SPRING 2022

GRAPHIC NOVELS

We are a publisher that focuses on comic book and graphic novel content for African American youth. Black Sands, the Seven Kingdoms is a series every teenage black child should be exposed to because representation in history is severely lacking in academia prior to slavery. The owners, writer and military vets Manuel Godoy along with his wife Geiszel Godoy, launched Black Sands Entertainment to create children books, novels, and animations that focus on African mythology as black heroes and aims to promote quality art, diverse storytelling while highlighting traditional family values for people of color.

BLACK SANDS

THE SEVEN KINGDOMS

Volume 1

Black Sands is the most popular independent title in the black community nationwide and it is clear why. The story is about a young boy named Ausar whose life goal is to rule Kemet. This leads him on a quest across the war-torn lands of the ancient world.

In this world, a power struggle is being fought between the last standing nations of men and ancient beings known only as gods who rule over them. Our heroes will not only be struggling with ancient deities, but also the intricate politics of society at the time. Whether it's ancient Greece, Sumer, Canaan, Kush, or Egypt, readers will deep dive in a culturally phenomenal tale. Kirkus says it is "A sure bet for young readers who may be cultivating interests in ancient history."

Publish Date: June 1, 2018
ISBN: 978-0999473481 | Price \$19.99

BLACK SANDS

THE SEVEN KINGDOMS

Volume 2

Black Sands continues with the latest chapters in Ausar's journey. He leaves the safety of his home to venture across the seas where a war is about to break out between Sparta and Minoa. If that wasn't enough, there are also ancient beasts prowling about.

In this world, a power struggle is being fought between the last standing nations of men and ancient beings known only as gods who rule over them. Our heroes will not only be struggling with ancient deities, but also the intricate politics of society at the time. Whether it's ancient Greece, Sumer, Canaan, Kush, or Egypt, readers will deep dive in a culturally phenomenal tale.
